Delhi Parleys For Interim Govt. Nehru Consults Parliamentary Committee For Expediting Final List

LONDON, August 20, (U.P.A.): Influential non-Governmental high quarters here are understood to be pressing the authorities against the formation of an 'interim' Government under the leadership of Congress in view of the non-cooperation attitude of the Muslim League and the incidents in Calcutta.

A United Press special correspondent learned, on the other hand that there is a very strong special within the Labour "high-ups" who are in favour of carrying out the Viceroy's commitment with Pandit Jawaharlal Nehru. They opine that the time has come to implement Premier Clement Attlee's statement on May 15—"The minorities should not be allowed to hamper the progress of the country". Moreover, they expect that the League will eventually join.

DEATH DEALER IN PARIS

PARIS, Aug. 20 (Reuters): Death will be dearer in France as from today. Charles Luitze, the Paris Police Prefect, has told undertakers that they may increase their charges by 200 per cent on the 1939 rates. Minimum burial charges have been about 2 pound.

No confirmation of either story was available till late at night. According to one reliable source, the list has been drawn up and conveyed to the Viceroy and allowing for one day for consultation between Delhi and London, the personnel of the new Government should be announced on Thursday. The other report stated that two or three more days must pass before finality is reached about the personnel, but that nevertheless an official announcement will not be delayed beyond the weekend.

Prolonged discussions were held during the day between members of the Congress Parliamentary Sub-Committee and the Viceroy did not take place to-day. The Sub-Committee will meet again to-morrow morning.

A new arrival to-day in Delhi was Mr. Moulvi Bux from Sind. He met Maulana Azad and Sardar Patel and is likely to meet them again to-morrow.

GRAVE CHARGE AGAINST SOVIET

Australian Ex-Minister To Moscow Speaks Out
SYDNEY, August 20 (A.P.A.): The Soviet Union will either directly bring war to the peoples of the democratic countries or will force them to resort to it, Mr. J. B. Maloney, former Australian Minister to Moscow, said to-day.

Mr. Maloney, who now holds no official position in Australia, added that the Soviet Union would not "allow peace to settle on the earth as long as it could prevent it."

"The Soviet Union to-day is a political dictatorship superimposed on a military dictatorship," Mr. Maloney declared, adding, "Russia is being rapidly converted into an armed camp on the one hand and a prison camp on the other. The Russian people want peace but they are not likely to get it while the present regime lasts."

Mr. Maloney, who spent two years in Russia, claimed that Hitler's Gestapo was "child's play" compared with the Soviet secret police which "operates in every country in the world, including Australia."

WAGES FOR STRIKE PERIOD

Postal Union's Appeal To Government
BOMBAY, Aug. 20 (A. P. I.): An appeal to the Government of India to sanction wages for the postal, telegraph and telephone strikers for the recent strike period is made in resolution passed by the Bombay Postal Union at an extraordinary general meeting to-day.

The meeting also requested Government to grant 35 to 40 per cent dearness allowance on a sliding scale to all non-gazetted staff with a minimum of Rs. 60 with immediate effect, in view of the increased cost of living.

It passed a number of other resolutions.

'Suhrawardy Must Go' Hindu Sabha Secretary's Demand BENGAL GOVERNOR INCAPABLE OF HANDLING COMPLEX SITUATION

CALCUTTA, Aug. 20 (AP): The General Secretary of the All-India Hindu Sabha, Mr. Ashutosh Lahiri, in a telegram to the Viceroy, says that about 5,000 persons are believed dead in the Calcutta riots. He appeals to the Viceroy to visit Calcutta personally to observe the situation and take the necessary steps. The present Governor, Mr. Lahiri says, is incapable of handling Bengal's complex situation.

He adds that Mr. Suhrawardy is entirely responsible for this ghastly tragedy and he must go.

GOVERNOR'S BROADCAST
H. E. the Governor of Bengal said to-day that Calcutta was slowly returning to normal. He had made extensive tours round the city since the disturbances started and to-day there was a different atmosphere in the streets. Shops were opening, people were going about their lawful occupations, private cars and buses were on the roads again. H. E. at the same time stated that there was as yet no intention to relax any of the measures taken by Government to restore peace.

His Excellency was broadcasting from Calcutta station of the All-India Radio on the present situation.

APPEAL TO TRAMWAY UNION
The Governor said that it was a disappointment to him that there were not yet running and he would ask the Tramway Trade Union leaders to put the needs of the public first and to see that the workers resumed their duties without more delay. As a man of some standing in the Trade Union world, he would like to appeal to all Trade Union leaders to use their influence among every type of worker to help in the rapid restoration of normal conditions.

His Excellency continued that the Curfew Order from 9 p.m. till 4 a.m. would continue for the time being. The protective military forces, which had been employed in considerable strength, would not be withdrawn.

Sarat's 'S.O.S.' To Wavell
CALCUTTA, Aug. 20 (AP): Mr. Sarat Chandra Bose contacted to-day His Excellency the Viceroy's Secretary and Maulana Abul Kalam Azad on the trunk telephone about the Calcutta riots situation.

Mr. Bose is understood to have impressed on the Viceroy's Secretary and also on Maulana Azad the need for the Viceroy's immediate presence in Calcutta.

Interviewed by the "Associated Press of India", Mr. Bose said, "The whole administration in Calcutta has broken down completely and the public have lost all confidence in the Governor and the Ministry. The presence of the Viceroy will help in remedying the situation."

from Calcutta while any substantial threat of disorder remained.

"GREAT MERCY"
Concluding, His Excellency said that it was a great mercy that the evil example set by the lawless elements in this city had not been followed in the rest of Bengal. He asked all people of influence in the districts to see that this satisfactory condition continued to prevail.

Tramwaymen Demand Assurance
"The general situation in Calcutta continues to improve and there are definite signs of regaining confidence in all parts of the city," although a considerable amount of apprehension still remains," said a Government spokesman at a Press Conference this afternoon.

He said the tram did not appear for, he understood that the leaders of the Tramway Workers Union declined to allow their members to resume work except on certain conditions, one of which was that the leaders

New Turn In Egyptian Treaty Negotiations Cairo Delegation Rejects British Proposals?

ALEXANDRIA, Aug. 20 (Reuters): Observers in immediate contact with the Egyptian delegation discussing Anglo-Egyptian Treaty revision believe that the negotiations have "completely broken off."

Egyptian political circles now openly state that "there is no more hope."

This was learned to-day after Makram Pasha, head of the Kotia (Independent) Nationalist party and member of the Egyptian delegation, had told newspaper men here that "the Egyptian Delegation had told mously refused the British proposals to-day."

Makram Pasha subsequently retracted the statement after he had been told of the declaration of the Egyptian Premier Sidky Pasha who said: "I submitted to the Egyptian Delegation an account of my interview yesterday with Lord Stansgate (head of the British team) and Sir Ronald Campbell (British Ambassador) and we unanimously took decisions which will be made public only after they have been submitted to Lord Stansgate and Sir Ronald Campbell—probably to-morrow."

A well informed source had, however, stated earlier that it was known that six members of the 12-man Egyptian team were in favour of signing the new treaty on the basis of a formula worked out since the return from holiday of Aly Shamsy Pasha, the twelfth member of the team, and it was expected that the Egyptian Premier Sidky Pasha would have a majority of seven to five in favour of signing.

S.I.R. STRIKE THREAT

Union Leader Warns Rail Passengers Against Travel After Saturday
MADRAS, Aug. 19 (A.P.I.): "The South Indian Railway workers will commence a general strike on August 24," says Mr. M. Kalyanasundaram, President of the South Indian Railway Labour Union, in a statement to the press to-day.

He adds that all efforts to avert the strike have failed and he requests the public not to undertake any journey on the South Indian Railway which cannot be completed before the midnight of August 24.

Non-Communist Unions Keep Out Of It
TRICHINOPOLY, Aug. 20, (A.P.A.): As many as seven non-Communist South Indian Railway Labour Unions have decided not to join the August 24 strike called yesterday by Labour leader Kalyanasundaram.

Such non-participants include loco traffic employees of the Golden Rock and Villupuram Railway Guards Union.

Though station-masters also have given notice, it is officially stated that many have expressed a desire to keep away from the strike.

To Start Anti-Ambedkarite Satyagraha
LAHORE, Aug. 20 (AP): The President and General Secretary of the All-India Harijan League, Messrs. Britain Not To Give Up Mandate For Palestine May Move U.N.O. Council Next Month For Securing Sole Trusteeship

LONDON, August 20, (A. P. A.): A reliable Whitehall source said today that Britain will ask the United Nations Trusteeship Council next month to appoint her sole trustee for Palestine.

The source said that the Government had decided this step was necessary because with the end of the League of Nations the legal basis on which Britain held mandatory rights no longer existed.

He added however that Britain would certainly not give up the Mandate for the Holy Land and had not even considered doing so.

Foreign Secretary Ernest Bevin in January told the United Nations Assembly that Britain was awaiting the report of the Anglo-American Inquiry Committee on Palestine before deciding on the Holy Land's future.

A Foreign Office spokesman said to-day that Britain's Conference with representatives of the Arab League states on Palestine would begin early in September and that it was the Government's hope to complete the talks by the time the United Nations met on September 23.

Presumably, this would enable the British Delegation to the United Nations to present a complete report of Arab League, Palestine Arab and World Jewish reaction to her all-out bid to solve the problem of the troublesome Holy Land.

Invitations To London Conference

LONDON, Aug. 20, (Reuters): The British Government has issued invitations to representatives of the Jewish Agency to attend the forthcoming Conference between Jews and Arabs, in London to discuss the Palestine situation, in view of the political correspondence. No acceptance have yet been received from the Jews but it is stated that four out of the seven Arab representatives have agreed to attend the conference.

The question of giving up the Palestine Mandate has not at any time been considered by the British Cabinet, according to the same source, and it is not likely to be considered before the Arab-Jewish Conference.

There is still no official comment on President Truman's proposals for Palestine, it is understood that he is still anxious for the implementation of the Anglo-American Inquiry Committee's suggestion that 100,000 Jews

CONFERENCE ON MONTREUX CONVENTION

U. S. To Be Invited To Meeting Of Signatories This Year
LONDON, Aug. 20, (A. P. A.): An informed Government source forecast today that an international conference will be called this year to consider revision of the Montreux Convention of 1923, which governs the terms of control of the Dardanelles.

The spokesman said that the United States, not signatory to the Convention, would be represented.

U. K. AND FRANCE REJECT SOVIET DEMAND
A Foreign Office spokesman announced that Britain had joined America and France in expressing unqualified opposition to Soviet proposals for Russia sharing military control of the Straits with Turkey.

The British note would be delivered to the Soviet Government within 48 hours, he stated.

The official declared a copy was being sent to the Turkish Government. He confirmed the receipt of a note from France, which had also been sent to Turkey, Russia and the United States.

ANKARA, Aug. 20, (Reuters): Political activity in Ankara, the Turkish capital, was more marked today as the British, American and French Ambassadors gave views of their Governments to the Turkish Government regarding the Soviet request for revision of the Montreux Convention governing the status of the Black Sea Straits.

Mr. Hasan Saka, the Turkish Foreign Minister, has kept in constant touch with all diplomatic representatives of countries which have signed the treaty. The Parliamentary Group of the Republican People's (Government) Party at a meeting today thoroughly examined the text of the Turkish answer to the Soviet note and approved the Government's policy. The Turkish reply will shortly be handed to the Soviet Government and published.

'Squatters' Prepare For' Eviction Battle

Homeless Families Ignore Govt. Warning And Organise To Settle Down In War Camps

LONDON, Aug. 20. (Reuters): The "Squatters' Movement in Britain which began a few weeks ago when some homeless families took over disused war camps, has now developed to such an extent that Government Departments are now hesitantly looking on as thousands of families all over Britain come into unoccupied property.

With the "Squatters' army growing daily, the Ministry of Health has had to give it official recognition. "Things are happening so quickly that all normal Government procedure has gone overboard," an official of the Ministry said to-day. "We have men scattered all over the country trying to sort things out on the spot with local authorities."

The Ministry has warned the "Squatters" that many families will have to leave these improvised homes to make way for Government projects.

Undeterred by the official warning that camps will be unsuitable for habitation during winter months, the families are preparing for long stay READY FOR "WINTER."

In nearly every camp a Committee

has been set up to organise community life and prepare for an eviction battle, which most "Squatters" fear will eventually take place.

To prevent this type of "invasion", guards are patrolling night and day. Troops are being rushed to empty camps the army wants to keep, but War Office officials admitted to-day that the situation is "rather out of hand" and that it was not known whether some camps in isolated parts of the country were still available for occupation by soldiers.

While the Government is considering how to handle this problem, "Squatters" are sending deputations to London to urge speedy declassification of all military camps, or handing over to the homeless an nearly every camp "Squatters" are paying weekly rent into a Central Fund and are ready to meet a demand for payment for occupation of the camp as a whole.

Political parties are beginning to take interest in the movement and when Parliament reassembles, "Squatters" is likely to be the most pressing domestic issue.

C.P. MINISTER WARNS HARIJANS TO BEHAVE THEMSELVES

Assures Muslims That Calcutta Repercussions Won't Be Felt In Congress-Governed Provinces

NAGPUR, Aug. 20. (A.P.I.): Pandit Dwarka Prasad Mishra, Information Minister of the Central Provinces, at a Press conference yesterday uttered a stern warning that Government would have to take stern action against the members of the Scheduled Castes in Nagpur if there was no improvement in the tone of the speeches of their leaders and their attitude in general. The Minister stated that Government were examining closely the speeches delivered by the Scheduled Castes Federation Leaders on August 15 when the Federation took out a large procession in Nagpur and followed it up with a public meeting to protest against the Cabinet Minister's proposals and criticised the Congress Ministry's attitude to the Scheduled Castes in general. Government, said the Minister, disapproved of the manner in which the leaders of that demonstration behaved themselves and made speeches which were highly inflammatory.

Mr. Mishra said that in the Mahakoshal province from where Pandit Shukla (Premier) and he hailed there was no Scheduled Castes problem. After the Congress Ministry had taken office in the province Pandit Shukla had so far during the last four months, taken a most liberal view in dealing with the complaints of the Scheduled Castes members in Nagpur, but now he thought it necessary to make it clear that Government would not hesitate to take stern action if the present attitude persisted.

The C. P. Scheduled Castes Federation it will be recalled, decided to start a Satyagraha in Nagpur when the C. P. Assembly begins its Autumn Session on September 3. The Minister referred to the peaceful observance of "Direct Action" day by the Muslim League in the province and appreciated, on behalf of the Government, the attitude of the Muslim League leaders. He said that they had deplored riots in Calcutta during the last three days and the resultant wanton destruction of human lives and property. While there could be no objection to peaceful observance of any programme by any party he personally decided to start a Satyagraha in Nagpur when the C. P. Assembly begins its Autumn Session on September 3.

While there could be no objection to peaceful observance of any programme by any party he personally decided to start a Satyagraha in Nagpur when the C. P. Assembly begins its Autumn Session on September 3.

One section of Muslims in Central Provinces, he said, appeared to entertain ill-will to the direct repercussions of the Calcutta incidents. But, on behalf of the Government he assured the people that the Congress Ministry representing, as it did, the people of this province, would hold the scales even among the various communities and that

these apprehensions were groundless. There was nothing to suggest that any retaliatory outbreak of a communal nature might occur in any Congress-governed province or in this province where Muslims were a minority.

Mr. Mishra said that the Muslims in such provinces had nothing to fear so long as they carried on their activities peacefully. Muslims, he said, had no need to take any special protective measures as Government were vigilant and were watching the situation and would afford safety to Muslims under any circumstances.

PROCESSIONISTS CARRIED WEAPONS

Why Sec. 144 Has Been Enforced In Nagpur

NAGPUR, August 20 (A.P.I.): The District Magistrate of Nagpur this afternoon issued a prohibitory order banning carrying of weapons of offence within the entire city limits for two months from to-day. It is stated that this order under Sec. 144 Cr. P. C. was necessitated by bitter feelings between Caste Hindus and followers of the Scheduled Caste Federation.

Also at several processions taken out recently it had been found that the processionists carried lathis, spears and swordsticks.

"AMBEDKARITES" MOVE WILL FIZZLE OUT

Sardar Advises Harijans Not To Launch Counter-Satyagraha

LAHORE, Aug. 20 (A.P.I.): Sardar Vallabhbhai Patel has advised the All-India Harijan League not to start counter-Satyagraha against the All-India Scheduled Caste Federation as the Harijan League had intended to do.

Sardar Patel in a letter to Bhagat Aminchand, Secretary of the League, says: "You need not take the agitation started by Dr. Ambedkar seriously. There is no necessity to start any counter-Satyagraha movement." Sardar Patel says that the movement of the Ambedkarites will fizzle out by itself as it is not Satyagraha at all. About 300 people had already given apology and secured their release although the sentences were of short period of three to four weeks only.

CITY POLICE DRAW WITH LEICESTERS

BOMBAY, Tuesday.
City Police 1
Leicesters 1
The City Police and the Leicester
Regiment shared two goals equally
in their return match in the se-
cond half of the Harwood League
Football this evening. The out-
come was a draw, 1-1. The Police
were wet and once again there were
many falls sustained by members of
both the sides. The match however
was rather interesting as both the
sides showed great enterprise and de-
termination to score on all the
occasions that came their way. After
a blank first half, Buckley in the
right-out position put the army team
in the lead but the Leicester team
could settle down City Police reduced
their right-out Shanahan who shot
to convert a very difficult angle.
After this a couple of chances
came the way of both the sides but
neither availed itself of the oppor-
tunity and the final whistle found
the teams without having increased
their tally.

The team:
Leicesters—Brown; Timms and
Hoord; Murray, Finch and Burton;
Buckley, Allen, Ramsey, Homer and
Hewitt.
City Police—Hawkeswell; F. Ross
and West; Wakefield, G. Ross and
Darker; Shanahan, Woodcock,
Adams, Scally and Palin.
Referee—Humphreys.

LABOUR CAN GO AHEAD WITH ITS INDIAN POLICY

Krishna Menon On Churchill's
Futile Tactics: "Britishers
Against Racial Discrimi-
nation"

BOMBAY, Tuesday.
"There is no force in Britain which
can impose the present policy of the
Labour Government of Britain to-
wards India. Mr. Winston Churchill's
threat to disassociate his party from
the Government in the Indian issue, will
not have any effect. Since public opin-
ion in Britain is already far ahead of
the present Government's policy,
the Government can only move for-
ward and not backward" thus observed
Mr. V. K. Krishna Menon, in a
talk with members of the Progres-
sive Group this evening at the
Greek Theatre.
To a question regarding the atti-
tude of Englishmen towards the civil
disobedience movement of the Indians
in South Africa, Mr. Menon said that
generally speaking Britishers were
against any form of racial discrimi-
nation. He added that because the
South African question was only one
of the many topics presented in the
British newspapers, the attention of
the average Britisher was not focused
on it so much as we would like it
to be."

LOTWALA AND IYER EXTENDED

BOMBAY, Tuesday.
Once again some interesting matches
were decided in the doubles event.
Notable amongst them was the match
between the redoubtable pair Iyer and
Lotwala and the young Elphinstone
pair Ramesh Desai and A. Kalyanpur.
The collegians gave the ultimate win-
ners a rude shock when they captured
the first game without allowing their
opponents to settle down. From the
second game, however, Iyer who had
been playing far below his normal
form and committing far too many
mistakes began to play with a marked
determination and the game veered
round in their favour. In the decider,
however, a dour struggle ensued for
supremacy and after a rally had been
called at 9 the senior pair went on in
a convincing fashion to snatch the
game and the match. Although de-
feating the ex-juniors champion Ramesh
Desai and to a somewhat greater ex-
tent his partner A. Kalyanpur gave a
very creditable performance and by ex-
tending one of Bombay's leading pairs
acquired themselves quite creditably.
The score was 10-11, 15-8, 15-11.
Another keenly contested match was
the affair between M. N. Desai and C.
K. Menon and B. P. Koppikar and P. M.
D. Thakker. After losing the first
game, although they were leading for
a greater part of the game, Thakker
and Koppikar proceeded to win the
next to convincing fashion, at 13-16,
15-7, 15-8.

Early in the evening, partnered by
his sister Miss L. M. Merchant, P. M. D.
Thakker was noosed out by Ullal and
Miss Nigudkar in the third game with
the score at 17-16, 8-18, 15-11.

Third Kisan "Morchha"

LAHORE, Aug. 19. The potential focal point of a third Morcha in the Punjab is today when the Punjab Kisan Socialists Party announced that the Kisan trouble which had been brewing for some time at Dhan Kalan in Hissar district had resulted in the arrest of Kisan leaders. The issue of Dhan Kalan is similar to that of Chotala, which is at a distance of 100 miles from Dhan Kalan. The peasants in both places are resisting ejectment notices by their landlords. The Secretary of the Punjab Congress Socialist Party said that there was likely to be a Kisan Morcha at Dhan Kalan in the near future if the ejectment notices against the tenants were not cancelled. It is stated that the land involved in the ejectment notices belongs to the Maharaja of Patiala, being part of his estate in British India.

Asked whether the Government realised that this memorial is a standing monument to the Police zulm before, during and after the Moplah Rebellion and if so they would order its removal as demanded, he was down in the case of the Neil Statue in the Madras City, the Premier said that the Government would consider the matter.

THIRD TEST ABANDONED ENGLISH WEATHER DOGS INDIAN TOURISTS' FOOTSTEPS

(By Leslie Constantine, "Reuter's" special commentator)
Rain, which has dogged the footsteps of the Indian tourists ever since they arrived in England—it was pouring when their Captain, the Nawab of Palauli, got out of his aircraft on reaching England—turned the final test into a draw, rain being possible on the final day to-day.

Thus the tourists lose the Rubber series with one defeat and two drawn games, and the day has still to draw when they inflict their first defeat on England. The Test series, from the Indian point of view, may be summed up as follows:
The First Test: at Lord's—an unsatisfactory defeat;
The Second Test: at Old Trafford—a triumph draw;
The Third Test: at the Kennington Oval—an honourable draw.
This result, on wicket that, from the Indian viewpoint, could hardly have been less ideal can be considered highly satisfactory.

From the financial point of view—what aspect must always come into the picture—the tour has been a success. But only because the Indians with their attractive play made it so.
WEATHER WRECKED TOUR
The weather clerk did everything he could do to wreck it. During the whole tour the Indians have had only ten days without any rain, and so unlucky have they been that they have invariably moved into the rain belt every time they played. It was almost funny if you could see the humours of it that while we were getting drenched at the Oval on Saturday, the sun was shining in "watery" Manchester. When rain cut in the Second Test, the Oval was bathed in brilliant sunshine. The rain with all that the Indians will come out of the tour on the right side, of course they would have done far better with the weather.

Indeed Mr. Gupta reckons that his week-end's rain has cost the team the best part of 2,000 pounds. The Indians should make around 50,000 pounds profit after some 20,000 pounds has been paid in expenses. The three Tests yielded nearly 10,000 pounds while three county games brought in more than 1,000 pounds each. The match with Glamorgan at Swansea produced the best county receipts with 1,700 pounds. The Yorkshire and Lancashire games also yielded more than three figures.

RETURN TRAVEL
It has been decided that the team will travel home by boat. On September 20—in a month's time, Skipper Patauli will fly home as soon as the last match is played on September 18, to Nimankar, at Nimbarkar, to the Maharaja Gokwar of Baroda, will remain in England; Hafeez is also staying behind with a view to going to London to study the study copy, while Bannerjee may also stay.

LONDA CONFERENCE LEAD TO GOA New National Congress Will Intensify Satyagraha Says Asoka Mehta

BOMBAY, Aug. 20. (U.P.I.) "For the first time in our memory national workers of Goa met together in a conference. Over a hundred of them had come to Goa to exchange views and plan their work. It was my privilege to attend it by special invitation and it is my duty to make a report," says Mr. Asoka Mehta in a statement issued to-day.
He continues: "Dr. Ramnathrao Lohia's visit two months back electrified the province and in the people an irresistible urge for freedom has emerged. Until Dr. Lohia went there, Goa, groaning under Salazar's dictatorial regime, had no political organisation of the people. The Satyagraha movement, Dr. Lohia started, evoked two organisations: Goa National Congress and Gomantak Congress. At the Londa Conference the two merged together and formed the National Congress of Goa. The new organisation enlists the allegiance of all the nationalist elements in Goa and it can to-day speak authoritatively on behalf of its people. The National Congress of Goa has decided to intensify the Satyagraha campaign now being carried on for civil liberties and has chalked out an elaborate plan of constructive work to elicit the support of the disinherited and the down-trodden in Goa's freedom movement. The unity of our people when they unite and fight because of the splendid support India, through Gandhi and the Congress, has given them. They are proud of the confidence shown in them and are determined to prove themselves worthy of the trust."
Concluding, Mr. Mehta observes: "The little village of Londa housed and fed the delegates to demonstrate the unity of our people. When the insolent Portuguese rulers ask the Goans to repudiate India, the awakened people turn with firmer determination to the bosom of their great Mother, the people of India. The Goa movement is the vital limb of India and the conference at Londa has given the necessary direction and force to the determination."

American Food For India

Bajpai On Urgency Of Need And Pleads For More Quantities

WASHINGTON, Aug. 20. (Reuter): The Indian Agent-General, Sir Girja Shankar Bajpai, called to-day on the Agriculture Secretary, Mr. Clinton P. Anderson, last night to impress upon him the urgency of India's need for food from the United States and ask him to do all within his power to augment still further grain shipments between now and the end of September. The Agriculture Secretary was quite sympathetic and promised to explore the situation to see what more can be done. I told him that even the augmented shipments scheduled for September would not be enough and made a pressing representation in the light of the recent conference in New Delhi. I said that we recognise the great advance in the quantity of food which is being sent to India over that shipped in August, but stressed the importance of the time element in our need. The Secretary referred to the transportation difficulties which exist, but he said he would see what can be done. Augmented September shipments which Sir Girja Shankar Bajpai referred to will amount to 224,000 tons, the largest monthly shipment to a single country during the food crisis.

As regards the Indian bowling and fielding, Mankad certainly has gained a great reputation as a left-hand spin bowler. On a pitch unresponsive to spin he decided to bat with the calibre of Hutton and Washbrook and the best. He will be sorely missed by India, now that he has decided to transfer his affections to Australia.

To conclude, let me say that the Test series went to the better team. It went to the side that seized its opportunities and whose over-credit was that little bit superior. Things were small things that confidence sprang from India has brought forth.

INDIA HAS BROUGHT FORTH... But make no mistake, India, with judicious handling in India that country will soon challenge the best, countries in the world at cricket and beat them too.

AWAITING AMENDMENTS
Owing to a last-minute cancellation of the Plenary Session, which was to have been held in the afternoon, the only other meeting of the Paris Conference to-day was of the Russian Political and Territorial Committee. This adjourned after deciding in a brief session that the state of war did not exist between them and Italy, while Yugoslavia, White Russia and Ethiopia argued that the Fascist regime was not alone responsible for Italian aggression.

CZECHS AND HUNGARIAN TREATY
Czechoslovakia to-day submitted two amendments to the draft Hungarian Peace Treaty aimed at securing a final settlement of the problem of about half a million Hungarians now in Slovakia and cession by Hungary of territory on the South Bank of the Danube, opposite Bratislava, Slovak Capital, and key port.

The Czechoslovak Foreign Minister, M. Vladimir Clementis, said in an interview to-day that his Government hoped to gain a two-thirds majority at the Conference for its proposal, which will be discussed in Committee on Thursday.

JEWIS WANT GUARANTEES OF HUMAN RIGHTS
PARIS, August 19. (A.P.A.): Leaders of 11 Jewish organisations to-day agreed on a joint appeal to the Paris Peace Conference to write guarantees for human rights into the proposed treaties. The organisations also endorsed the recent appeal by American and British Jewish groups for treaty clauses to protect victims of anti-Semitic persecution.

Peace Conference Plenary Session Postponed

PARIS, Aug. 20. (Reuter): The Peace Conference Plenary Session which had been planned for to-day to hear six invited States, Albania, Mexico, Egypt, Cuba, Persia and Austria, was postponed to the last moment until Wednesday at the request of Albania, whose delegates have not yet arrived. Preliminary meetings of committees began yesterday will not continue to-day.

The Plenary Session on Wednesday will be presided over by the British Delegation, which takes over from the French Premier and Foreign Minister, M. Georges Bidault, that day and it is expected that the British Foreign Secretary, Mr. Ernest Bevin, will also most certainly preside himself. To-day marks a stage in the progress of the conference to detailed work in committees, because midnight to-night is the deadline for submission of the amendments to draft treaties. The committees can then complete their agendas. After that time, new proposals can be made only as a result of discussion in committees and for the purpose of a compromise between varying points of view.

AMERICA & BRITAIN REJECT SOVIET PROPOSAL

Control Of Dardanelles: U. S. Fleet's "Goodwill" Mission To Mediterranean

WASHINGTON, Aug. 20. (Reuter): Press reports that the United States fleet's "Goodwill" Mission to the Mediterranean next week is in some way connected with negotiations between Greece, Powers over the future status of Dardanelles are regarded here as highly speculative, cables Paul Scott Rankine, Reuter's special correspondent. No arrangements have yet been made for the fleet to visit the Eastern Mediterranean and a United States Navy Department spokesman here declined to comment on that part of the plans for the mission.

Should it finally be decided that the Mission should go to the Straits it would undoubtedly be regarded, not only as demonstration of United States interest in the Dardanelles problem, but in Middle East questions generally, but that state has not yet been reached, according to well-informed circles here. The "Goodwill" mission which will be carried out by the United States aircraft carrier "Franklin D. Roosevelt" accompanied by two cruisers and several destroyers, is interpreted here as intended to show force to Mediterranean countries and to demonstrate to the Great Powers United States interest in the preservation of peace and security in the Mediterranean around whose shores are some of the world's most difficult trouble spots.

It is felt here that the presence of such a fleet in the Mediterranean at the present time can hardly fail to have a discouraging influence on any attempts to settle the Trieste and Venezia Giulia controversy by direct action.

BRITISH NOTE TO RUSSIA
LONDON, Aug. 20. (Reuter): Britain's Note to the Soviet Union on the proposed revision of the Montreux Convention controlling the Dardanelles may be sent within the next 48 hours, cables Reuters diplomatic correspondents here. The United States, which has already sent a Note to the U.S.S.R., Britain is expected to oppose the suggestion that the defence of the Straits should be shared between

Van Mook's Assurance To Indonesia

No Intention To Restore "Colonial System"

BATAVIA, Aug. 20. (Reuter): Doctor Hubertus Van Mook, Lieutenant-Governor-General of the Netherlands East Indies, to-day assured that he expected all British troops throughout the Netherlands East Indies would be replaced by Dutch troops before the year was out.

Doctor Van Mook said that it was never intended that British troops should stay indefinitely in the Netherlands East Indies. Negotiations with the Indonesian Republic might be resumed in the near future, said Doctor Van Mook, who was addressing a Press Conference. There was to be no change in the Dutch policy and no intention to restore anything resembling a "colonial system."

It is the Dutch Government's intention, he said, "to promote this country as quickly as possible as a self-governing nation." He added, but it is felt that this goal will be achieved by the subject of planning within the framework of the kingdom. Discussing the forthcoming arrival of the General Commission, he said that the Dutch Government wanted to send a number of people with fairly wide powers to act on its behalf. Three prominent Dutchmen would be appointed and he himself would be a member.

MALINO CONFERENCE, A GIGANTIC SWINDLE

Indonesians Condemn Dutch "Excesses of Democracy"
BATAVIA, (U.P.A.): The Malino Conference, hailed by the Dutch as a "democratic expression of the will of the people," is the subject of blistering criticism by both Indonesian leaders and press. The Indonesian news agency "Antara" declares that while the national list leaders from the outer islands in prison, and martial law in effect throughout the territories, "the conference is a gigantic swindle to enforce the world of the Dutch 'love for democracy'."

The Jakarta daily, "Merdeka," declaring the conference as "more eye-wash which will take in nobody," declares: "How can such a conference have any of the attributes of democratic negotiation? Indonesian officials in Dutch employ were chosen to play the part of quidnuncs while the population of outer islands is kept silent by Dutch bayonets." "Decisions of the Malino Conference will be completely controlled by Indonesians from Borneo to the Moluccas."

U. S. Demands 'Innocent Passage'

WASHINGTON, Aug. 20. (Reuter): The United States has demanded that Yugoslavia respect the rights of "innocent passage" over Yugoslav territory of United States aircraft lost through weather conditions. This follows the alleged shooting down of two United States planes near the Jablo-Yugoslav frontier, according to the summary of a note delivered by the American Ambassador in Belgrade to the Yugoslav Government, it was disclosed here to-day. The acting United States Secretary of State, Mr. Dean Acheson, made the disclosure at a Press Conference to-day.

Off My Chest

Twice in the recent history of journalism in India, it is a British-owned, British-controlled, British-edited paper, THE STATESMAN, Calcutta to which credit must go for its courage and conviction to tell the truth. "The Statesman" was the first to open up on the famine of Bengal; it is the first to write boldly on the Bengal Massacre of Innocents. There is, indeed, no use muffling, distorting, playing down the truth about Bengal. The plain fact is that as a result of the gross inefficiency of the Bengal Ministry, the most innocent people—men, women and children—have paid with their lives. Mr. Jinnah could not have concealed that Direct Action would have this crude, ugly, almost barbaric form. Mr. Jinnah has condemned the happenings in Bengal, but condemnation is hardly enough at a time like this. He must go further in the name of justice, help whatever authority is left in Bengal to rid that province of elements like those which have run mad in that province.

There is no doubt that Mr. Jinnah had had a raw deal in the political scramble for power. Mr. Jinnah feels sure about it. But while his bitterness may be justified, he expects from great leader that he should offer protection to innocent people, including women and children, who are being massacred in Calcutta. "Bengal" is no way to fight the Congress or to fight anyone. The happenings in Bengal have shocked Indians of all communities, including thousands of Muslims. All India, whose concept of IMAM and IZZAT rebels against this slaughter of innocents. Mr. Jinnah must do more than speak. He must act.

POLICE SEARCH OUT NEGROES IN SWAMP

Sequel To Shooting Of White Law Officers

MAAGE (Mississippi), August 20. (Reuter): Two Negroes, members of a family sought in connection with the wounding of a law officer and three other White men, last night surrendered to hundreds of police combing their swampland hideout aided by blood hounds. Several other members of the family are believed to be still in the swamp. The police search followed the shooting and wounding of four White men, one seriously and firing on two members of the State Police, Mayor O. J. Sigland of Magee announced. Mr. Ellis Bishop, City Marshal, said that the trouble developed on Sunday when a shot was fired at a car with White passengers while passing a lorry carrying Negroes. The White men reported to the police in a nearby town and accompanied police officers to the house where Negroes were hiding. The shooting affray then occurred in which the White men were wounded.

Hess Not Insane

FLOOD THREAT TO BARODA

Baroda Dewan Wants It Step By Step

BARODA, Aug. 20. (U.P.I.): The responsible government in the state of Baroda and its idea of the Government is at one with the Fringe Mandel in respect of this ideal. But this goal is to be reached by steps and it is up to the popular institutions and popular leaders to achieve the goal by helping in establishing an increasingly suitable background for the realisation of this goal. Thus observed Sir Brojendra Mitter, Dewan of Baroda, replying to a question of the local Fringe Mandel leaders at Amrah during his recent Kathiawar tour.

STABBING CASES IN GAYA

Demand For Inquiry

LONDON, Aug. 20. (Reuter): Mr. K. Chatterji, President of the Orissa Bengal Association, who is at present in London, and other Bengal residents here, have to-day sent a petition to the Secretary of State for India, Lord Pethick-Lawrence, urging that steps should be immediately taken to end the disturbances in Calcutta and asking for an investigation to be made into the action of the Bengal Government in declaring "Red Action Day" a public holiday which led to the disturbances.

Gloom Descends On Deserted Calcutta

CITY QUIETER THOUGH STRAY ASSAULTS CONTINUE

Loss Of Property And Damage Put At Five Crores Of Rupees

CALCUTTA, August 20 (U.P.I.): After a dreadful orgy of frenzied man-slaughter and destruction, silence and gloom have descended on Calcutta. The city lies motionless.

A glimpse of devastation and ruin wrought to the city of 40 square miles was had by the United Press of India reporter this morning when he first stepped out of the city to motor along streets which were still deserted and just reared safe.

There was scarcely any soul to be seen on streets, and bricks and other missiles, refuse, charred wood and metals lay over highways.

British soldiers, with rifles slung from shoulders or gun resting on tripods stopped and checked the car at every commanding point, especially in North Calcutta. Armoured cars and vehicles with cocked guns rolled up and down.

A corner of College Street Market, most important Indian market, centre, is burnt to cinders. Many book shops nearby were burnt down and roads in front littered with volumes torn and burnt.

Even iron railings from public squares were removed possibly for use as missiles. Charred facades of numerous buildings at different places and a burning mosque with smouldering neighbourhood bore testimony of organised arson. Several temples had bordered walls and gates twisted open. In one for loot even petrol pumps were ransacked. Countless small tobacco shops were destroyed.

Decomposed corpses line along Cornwallis Street, Wellesley Road, Chitpur Road, Barish Mukherjee Road and many other roads. At several road junctions many lay huddled together or piled one above another. At one place a cow and a man lay together, both having failed before a volley of lead. In several parks 'vultures' were seen feeding on human bodies. Slench was overpowering.

Buildings on main roads with all doors and apertures shut tight seemed deserted. The press car in every by-lane was like a message of life and whenever the car stopped doors and windows flew open and men came forward for news.

Newspaper offices are either closed or are running with handful of men. The size and number of newspapers are drastically cut down and distribution of those already printed is extremely difficult. Several papers are appearing without editorials.

Trams were run yesterday on the Alipore line for two hours in the afternoon as an experiment and will be extended to Bhowanipore to-day.

'TIMES' INDICTS BENGAL LEAGUE U. S. Press Prominently Feature Calcutta Riots

LONDON, August 20. (Reuter): The Independent "Times" attributes the blame for the Calcutta tragedy to delay on the part of the Muslim League Government of Bengal in taking adequate precautions, but says that Pandit Nehru cannot acquit himself of some share at least in precipitating Mr. Jinnah's disastrous decision to remain aloof. Statesmen of both Muslim and Hindu communities should learn a lesson from the outbreak it says.

One principal lesson of the tragedy it writes, "lies in the illusion of the porously narrow margin which today divides order from anarchy in India. It is not difficult to conjecture why Calcutta alone became the scene of so serious an outbreak when similar demonstrations in other places passed off in merely less serious forms. Nowhere else in India is the contrast between Hindu wealth and Muslim poverty so glaringly obvious as in the capital of Bengal's majority province whose principal city has become a great Hindu centre of business. In this province the Muslim Government is in control of law and order."

"Doubtless anxious to ensure the success of the demonstrations arranged for the 'Direct Action' day, this Government was not willing to admit sufficiently quickly Muslim demonstrators could degenerate into a dangerous mob. Adequate precautions were not taken to protect Hindu life and property in due time and when Hindus, driven to desperation, began to hit back the situation passed entirely beyond the control of civil authorities. In the absence of proper action by the administration, disciplined solidarity, upon which Muslim pride themselves, served only to make the disturbances more difficult to suppress. Frightful casualty lists have shown clearly the price that citizens must pay for any weakness or incapacity on the part of the authorities."

"The Calcutta outbreak has a lesson that should be learned by Indian statesmen of both communities. On the Muslim side, Mr. Jinnah must now appreciate as never before the dangers of the course he has chosen. He cannot have been in his mind that his followers should take law into their hands at a time when no single one of their apprehensions of political subordination has yet been confirmed."

PLAIN DUTY OF CONGRESS "For Pandit Nehru the Calcutta tragedy holds a grim lesson. If he looks back upon some of his own ill-judged speeches, he will be unable to acquit himself of some share in precipitating Mr. Jinnah's disastrous decision to remain aloof from the first Government of India by India's Congress."

"No Indian Cabinet in which the Muslim League does not figure can be truly representative of the country as the last elections showed and it is the plain duty of the Congress Party to disregard the failure of its present perfectly reasonable offer to Mr. Jinnah

and pursue every path of a generous statesmanship which offers a hope of settling the blame on Muslim says, "It is true wait any longer to form his Government, but he must count that Government in complete until the League joins it and must choose his personalities as his politics in a way that will prepare for the necessary coalition."

MUSLIMS TO BE BLAMED The Liberal "Manchester Guardian" putting the blame on Muslim says, "It is the ordinary people in this country, it seems beyond doubt that Mr. Jinnah's call for 'Direct Action' was the cause of what has happened in Calcutta because people with stirred up religious or racial emotions will not easily stop to listen to subtle distinctions between violent and non-violent action. The Congress found that out long ago and it seems to have learned the lesson."

Will the Muslim League take a warning from the mass violence at Calcutta? Local authorities, both Indian and British, have no doubt regretted by now that they allowed things to come to this pass."

WITTEDRAW BRITISH TROOPS The Communist "Daily Workers" sees in the riots a fresh reason for withdrawing British troops from India. "This sad and depressing story of internal difference in no way constitutes a picture of the Indian scene," it writes.

"Despite communal differences, the Indian people Muslims and Hindus alike are united in demanding independence for their country and ending of the hated rule of the foreigner."

CALCUTTA DOMINATES U.S. PAPERS News of Calcutta rioting in particular, dominated the American newspapers today with splash headlines. News of the Paris Conference and Palestine was thus subsidiary to the main news from India.

Vivid and detailed accounts of Calcutta rioting were in front pages of all editions. The New York "Journal American" carried a bold red banner headline, saying "Bloody India Riots spread." "New York Sun" headed its story: "Death toll exceeds 2,000 in rioting Calcutta. Looting, fire, street battles fall of markedly."

Calcutta incidents were featured as a "head" in New York "Sun" while "New York Times" devoted three columns to this story. The latter said: "Rioting continues to rock Calcutta—soll above 1,000—Muslims 'Revenge'."

EXODUS FROM CALCUTTA

CALCUTTA, August 20. (A.P.I.): It is estimated that there are about 20,000 people at Howrah station, trying to get out of the city. There has been a heavy rush on the train service from Howrah since yesterday owing to the panic created by the riots.

Long rows of men, women and children of the poorer classes, carrying their belongings bundled up on their heads, are walking along Strand road to Howrah, since early this morning. Panic and dejection are written on their faces. Some of them stated that Calcutta was no more a place that they could live in.

CATASTROPHE SEEMS DELIBERATELY PLANNED

Men Were Imported Into Calcutta To Help Impression, Alleges "Statesman"

CALCUTTA, August 20 (A.P.I.): "The bloody shambles to which this country's largest city (Calcutta) has been reduced in the riots, is an astounding disgrace which, owing to a League Ministry's pre-eminence as a League Ministry, has inevitably tarnished seriously the All-India reputation of the League itself," writes the "Statesman" this morning.

The origin of the appalling carnage and loss of the capital in what the journal believes to be the worst communal rioting in India's history was a political demonstration by the Muslim League.

Maintenance of law and order," says the paper, "is a Ministry's prime obligation, and the obligation of the Bengal Ministry in fulfilment of the League's declared policy of non-violence, instead of fulfilling it, it undeniably, by confused acts of omission and provocation, contributed rather than otherwise to the terrible events which have occurred."

The origin of the appalling carnage and loss of the capital in what the journal believes to be the worst communal rioting in India's history was a political demonstration by the Muslim League.

Whatever truth such ugly interference may contain, the Ministry's utter, hideous failure to prevent what, for its own honour's sake and that of its party, it should have been at particular pains to avoid, is in any case tantamount to a crime.

It has fallen down shamefully in what should be the main task of any administration worth the name."

This is not a riot, it needs a word found in medieval history a 'fury'—writes the "Statesman" in another editorial captioned the "Calcutta Scene." "It is not a riot, it needs a word found in medieval history a 'fury'—writes the "Statesman" in another editorial captioned the "Calcutta Scene."

Smuts Takes Anti-Indian Team To U.N.O.

ARCH-SEGREGATIONISTS TO PLEAD WHITE MAN'S CASE

New York Session To Decide Future Of Coloured Races

(From Our Correspondent)

DURBAN, August 20. The "Leader", an Indian weekly of Durban, in an editorial entitled "South Africa Prepares For Defence", writes as follows in connection with the appointment of Senator Shepstone, Mr. Barns, Mr. Heaton, Mr. Nicholls who will assist General Smuts at the U.N.O.:

"South Africa is making hasty preparations to defend her attitude and approach to the Indian problem of this country before the U.N.O. The United Municipal Executive has appointed Mr. Barns for the same issue. From England has come a man saying Mr. Nicholls, the arch-segregationist and presently the Union High Commissioner in New York, will also proceed to New York."

"Indian people view this development with a great deal of interest. Senator Shepstone who has lived and moved among Indians is in possession of all facts. Unfortunately he has proved once again very difficult to be trusted. If Senator Shepstone has to be truthful to the U.N.O. and rise above party political colour prejudice in South Africa, he must declare emphatically that the Indian people, as a whole, have rejected the 'Ghetto Act' which does not provide a fair solution of the Indian problem."

"Mr. Nicholls goes to the U.N.O. with a reputation and instable man for segregation. His life to any observer is one that has been fanatically imbued with the idea of segregating non-white people all over the world. The Indian people also are well aware of the activities of Deputy Mayor Barns. When he was elected Member of the Natal Indian Judicial Commission the whole attitude on the Commission was reflected in the

washing interest of the City Council. Here there are men with partisan interests who will go to defend the South African Government before the U.N.O.

"If they get away with it then the dark people all over the world must realise that they are now facing a world hierarchy of white people whose purpose is to share all the available land among the white people of the world, and put down the black people to a perpetual inferiority."

Treatment In Jails Officials of the Natal Indian Congress giving evidence before the Penal Reform Commission in Durban made allegations of harsh treatment and of passive resistance by prison authorities. They said that the authorities were haughty, aggressive and hostile. In cells no facilities were provided, sometimes the men were not given blankets.

Referring to the small treatment they alleged that prisoners were subjected to abuses and called "coolies." Mr. J. R. Sullivan, Member of Parliament, after an inspection of the gaol in a statement to the press stated that 'the Indians' complaints were not justified.

Indian's Challenge Mr. Debi Singh, Chairman of the Passive Resistance Council, a state the Commission was reflected in the

HOW NEOCID SUCCESSFULLY RIDS YOUR HOUSE OF COCKROACHES

Cockroaches carry filth and disease, spoil clothing and books and eat papers. To rid your house of cockroaches dust kitchen and pantry floors and shelves, corners, sinks and specially drains; inside almirahs, cupboards and bookcases. Apply Neocid in the evening and leave it for several days. If swept up in house cleaning, dust Neocid again. Best results are obtained by dusting a whole house at the same time as by this the first source of reinfestation is removed. Any cockroach which so much as touches the Neocid, which contains 10% DDT will definitely be killed, though it may take 2-3 days to die. Accidental dusting of food or house pets is harmless.

WHEN YOU CAN GET ONLY A LITTLE - Choose the Best!

LIKE all the mills in India we are limited to the manufacture of essential types of cloth only, as required by the Government Controls, but our present DRILLS, TWILLS, COATINGS, SHIRTINGS, TOWELS, AND LONGCLOTH are of that same durable quality and good finish that has always characterised Buckingham & Carnatic Mills materials.

During the present world shortage of Textiles, all of us will have to make do with limited cloth supplies for months or even years to come. To get the best value for money during this time of shortage, see to it that whenever possible you buy the long-lasting Buckingham & Carnatic Mills cloth distinguishable by these famous trade marks:—

WAR PEACE

In the past six years we have supplied to Government over 432,000,000 yards of cloth. This represents a production for war purposes of 41,000 miles of cloth per year—enough cloth to go once round the world every 7 to 8 months! The Buckingham & Carnatic Mills in 1900 were the original pioneers of Khaki cloth in India, and always shoulder a heavy task in time of war.

Our production today is over 6,000,000 yards monthly, but railway difficulties prevent free distribution to some distant centres. Shortage of chemicals and dyestuffs prevents the manufacture of many pre-war favourites, and also of a wide range of colours. We hope this is temporary. In the meantime our huge output of essential cloth gives you durable quality in good utility materials.

Long before price control was introduced by Government, we kept our prices low. Our materials still remain by far the best value for money at controlled prices.
